

YOU'RE INVITED

SECURITY & SAFETY TRAINING

for Houses of Worship

3/29/25 | 10AM-2PM

Tracy Community Church Gymnasium
1790 Sequoia Blvd, Tracy, CA 95376

Learn Best Practices from Security Industry Leaders

With threats to the safety of places of worship on the rise, it's never been more critical to take a proactive approach to keeping congregants safer. This event is a crucial class for maximizing the protective stance of your place of worship, specially designed with the unique safety concerns you face everyday. Attendees will gain valuable insights and practical skills from seasoned security experts from presenters Edgeworth Security, E3 Security and i-Pro. Content and training will cover:

De-Escalation
Techniques

Building Your
Security Team

Hands-on Training
with E3 Simulator

WHAT TO EXPECT

Expert-led training sessions

Interactive demonstrations

Networking opportunities
with fellow faith leaders

Complimentary lunch provided

RSVP

PRESENTED BY:

EDGEWORTH

PRO

KEEP YOUR CONGREGATION SAFER

From growing instances of random acts of violence, to terrorism threats and the deliberate targeting of churches and synagogues, etc., it's never been more important to take a critical look at the existing security plans for Houses of Worship. By becoming proactive and staying informed on emerging risks, new technology and best practices, Houses of Worship can become better prepared to thwart threats and ultimately protect congregants.

YOUR PRESENTERS

EDGEWORTH

Edgeworth Security is a full service security company combining the best in cutting edge technology with the best in white glove service. Edgeworth's family of solutions includes Integration, Remote Guard, Consulting, Global Services, Open Source Intelligence, Network Operations and Executive Protection.
